- E- learning - Ekashila High School <https://ekashilahighschool.com/>

PROFESSIONAL EXPERIENCE

UI Developer

Infomatrix Digital Solutions | 2022 - Present

- My job is to build responsive websites for clients based on their requirements using HTML, CSS, Bootstrap, JavaScript and Django.
- The work I usually do involves converting the UI designs provided by graphic designers in PSD files into actual code.
- I have been updating client websites using cPanel with the latest changes and updates.
- We will make sure that we provide team lead with daily progress reports.
- A lot of my time goes towards answering phone calls and documenting client needs for future reference.
- I collaborated with web developers to link server-side logic in user-interface.
- I examined codes and gave useful advice for code quality improvement and its maintainability.
- To make sure that user experience is seamless enough, I collaborated with UX/UI designers.

Senior Associate

Wipro | 2020 - 2022

- Ensuring quality; Reviewing work to maintain accuracy and meet standards.
- Supporting the team; Assisting colleagues with tasks. Providing guidance.
- Improving processes; Recommending ways to simplify and expedite tasks.
- Training; Educating team members, on job responsibilities.
- Maintaining 100% Productivity and Quality score on a daily basis.
